Were you able to undertake your project as planned?	Yes
If no, please outline how the project has changed.	
Can you describe and/or demonstrate the specific impact that TFN funding has had against your initial objectives?	The funds were used to to strengthen our administrative function and to gain traction in fund development generally. That was achieved, but against a background of worsening cuts in school funding which have left the charity with a continuing struggle to get ahead of the funding curve. Having said that, our activities during the academic year 2016-17 were very successful, reaching over 300 children directly and about 3,000 indirectly.
What portion of the project did TFN fund?	25%
How many direct beneficiaries did the TFN funded project reach?	Depends how you measure these things. Directly the TFN funding was used to fund an administrator for three months, without whom the charity's activities would have been impossible.
How many indirect beneficiaries did the TFN funded project reach?	See above
Were you able to leverage further funding as a result of TFN support?	Yes
If yes, how much were you able to raise?	As a result of meeting someone at the event, we secured a £6k grant from a trust for a project run in conjunction with the St Albans Festival.
Did you receive any pro-bono support, volunteer offers or introductions as a result of the event?	No
If yes, please can you provide details of the support you received?	
How important was TFN funding in helping you achieve your objectives?	We would have found it difficult to achieve our objectives without TFN funding
Since presenting at TFN, has your organisation undergone any other significant changes?	No
